FINANCIAL POLICY

Name: ____________________DOB: ____________

We are committed to providing you with the best possible care. We are anxious to help you receive your maximum allowable benefits if you have medical insurance. In order to do this, we need your assistance and your understanding of our **FINANCIAL POLICY**. We will also be asking you to periodically update your information.

Payment for services is **DUE AT THE TIME SERVICES ARE RENDERED**, unless payment arrangements have been approved in advance by our office manager. **We accept CASH, CHECKS, MASTERCARD, VISA, and DISCOVER**. Returned checks are subject to a $30.00 NSF FEE. Non-payment of returned checks may result in your termination as a patient of Women's Care OB/GYN/Community Health Care Inc.

If there is a divorce involved, please remember that our policy requires that regardless of which parent is responsible for the bills, **PAYMENT IS DUE AT THE TIME OF SERVICE**. The person that brings a child to the office for the appointment is expected to make payment. As you should be able to understand, we will not get involved with divorce disputes. Please feel free to discuss this with our office manager if you have any questions.

Auto accident claims will either be paid at the time of service or be billed through your medical insurance coverage.

We will submit your insurance forms for you with a current signature on file permitting us to do so. Please remember that:

1. Your insurance is a contract between YOU, YOUR EMPLOYER, and the insurance company. We are not a party to that contract.
2. Not ALL services are a covered benefit in all contracts. Some insurance companies arbitrarily select certain services that they will NOT cover.

We must emphasize that as a provider of medical services, our relationship is to YOU, not your insurance company. While the filing of patient insurance forms is a courtesy we extend to our patients, all charges are YOUR responsibility from the date the service is rendered.

We are not providers for Workers' Comp care, and do not do any type of Workers' Comp paperwork or billing.

We realize that temporary financial problems may affect your timely payment of your account. If such problems DO arise, we encourage you to contact us promptly for assistance in the management of your account.

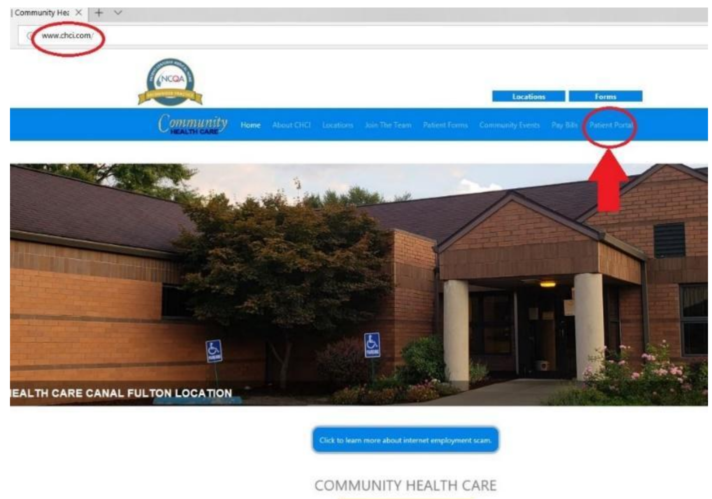
Hearing Aid	Contacts	Glasses	Cane	Pacemaker	ICD (internal defibrillator)
Wheelchair	Neck brace	Back brace	Dentures	Walker	Other:________________________

YOU’VE BEEN INVITED



to enjoy the convenience of our Patient Portal!

This program is FREE, and is being encouraged for all adult patients. During this program, your patience is appreciated as we trial and test the features and functionality of this system.

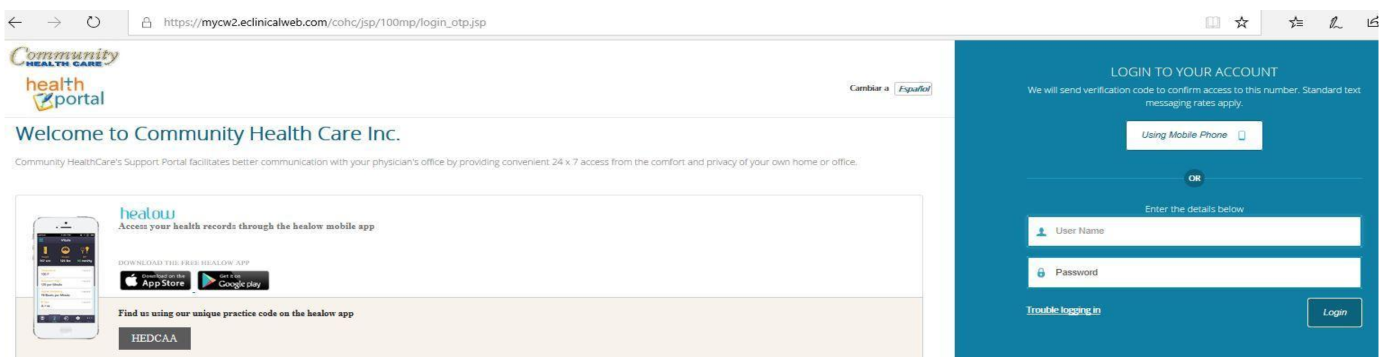
You will be able to:

- Receive email reminders of upcoming appointments and request non-urgent appointments
- See the results of tests ordered from the office and view provider comments on the tests
- Send and receive messages from and to your doctor or nurse practitioner
- Receive educational materials from your provider
- Review your discharge instructions from your visit.

Other exciting features will be available as soon as they are operational.

Here’s how it works:

1. Our staff will enter your email address into our system in the office, and an e-mail will be sent to you with your user logon name and password. Or if you prefer, this info can be given to you at our office.
2. You will receive an email message from “reminders@eclinicalworks.com” anytime there is a message for you on the portal. Do not reply to this email! It does not go back to your provider’s office! You will never be asked to provide personal information from these emails.



3. Within three days, go to www.chci.com, our practice website, and click on the patient portal icon.

4. Enter the user logon and password from the e-mail you received.
5. "User validation" window will appear the first time you use the Portal ONLY. Fill in one field and click Submit.

723362920. The next screen allows you to pick a better password and a clue should you forget your password.

723362921. The final screen for first time users is a consent form. Read and click the box to confirm you have read it. This is the end of the "red tape"

723363816. The next box you will see is the WELCOME PAGE. On the left, you will see menu of the options available. As time passes, we will activate more features.

a. **LAB/DIAGNOSTIC IMAGING**: Any labwork you might be looking for is listed in LABS/DIAGNOSTING IMAGING, also along the left margin. Click on the NAME of the lab test to see your results and any comments from the provider.

b. **VISIT SUMMARY:** You can also get copies of your "homegoing instructions"/visit summary on the website.

c. **APPOINTMENTS:** You can also look at "Current Appointments" to see when your next appointment is, and in "Past Appointments" to see dates you were seen in the office.

d. **ASK DOCTOR:** You can send a NON-EMERGENCY message to your doctor, and receive messages from your health care provider.

e. **EDUCATION:** Your provider can send you educational materials regarding your health.

You can log in anytime you want. Your confidentiality is important to us, and your data is secure. You will have access to your medical history, summaries of past visits, lab and diagnostic imaging results, online messages from your health care provider, and reminder messages about important preventive care you may need. You can print out any screen from your own computer. Should you have any difficulty with the portal, please call our office and we will assist you.

Got a SMART PHONE? Get

healow

Health and Online Wellness

Your Web Portal on your phone!

1. Download Healow App for FREE from your online iPhone or Android Store.
2. Put in your Portal User name and password to register, and create an easy to use code. If asked, our practice code is HEDCAA.
3. Check your meds list---remove any you are no longer taking. You can also set alarms to remind you to take meds.
4. Goals and trackers for weight and exercise are available!
5. You'll have access dates of upcoming appointments, messages from doctor, lab results, etc.
6. You can also link family members and Portal from other specialists who support Healow.
7. Handy tutorial for use included in the Healow app.

Great for minor emergencies, and handier to use than going to a computer for access to your Portal. Easy communication with our office, and no busy signals!
